Client Information at Policy Inception re Hot Work and Work at Height

Heat Work on site

- Please confirm that you obtain Hot Work Permits - Yes
- Also, that Risk Assessments/Method Statements carried out before the hot work is undertaken - Yes

Work at Height

- This is referred to in their Risk Assessments – heights might be 2-3 storeys and access will be via machinery hired with an operator for example a cherry picker
- The circumstance might be to install a chute

There are no policy wording restrictions regarding Heat Work or Work at Height – underwriters accept, and cover is based upon, information advised by Systematic Servicing (Equipment) Ltd as noted above.
